Notes 10: What is Human Geography?

OBJECTIVE 1.0: SWBAT compare and contrast the definitions and applications of human geography and physical geography.

Word Wall Words: Human Geography, Physical Geography, Map, Place, Region, Scale, Space, Connections

Let's Think Geographically!

As a human geography student, you will spend this entire year thinking geographically. You may be curious to know what that actually means and now you are about to find out.

Geography is divided into two categories: _____ geography and _____ geography.

PHYSICAL GEOGRAPHY

Physical geographers want to know where and why _____ occur.

Examples of topics studied:

HUMAN GEOGRAPHY

Human geographers study where and why _____ are located where they are.

Examples of topics studied:

STOP & CHECK YOUR UNDERSTANDING

In your own words, tell me the difference between physical geography and human geography.
